Register now for our 2017 Annual Industry Conference:

Insuring Uninsured Risk: Flood, Sea Level Rise and Natural Catastrophes

Wednesday, May 24th, 2017

The Vinoy St. Petersburg Resort & Golf Club

Our 2017 Annual Industry Conference, **Insuring Uninsured Risk: Flood, Sea Level Rise & Natural Catastrophes**, brings together industry and policy experts for a fast-paced and comprehensive discussion of risks, opportunities and solutions as well as the potential impact of each. Following the tremendous success of last year's inaugural conference, the FAIR Foundation is dedicating this year's symposium to protecting Floridians from uninsured risk and keeping our state's economy resilient in the wake of potential catastrophic storms.

Last year was a huge success for all attendees, many sharing positive feedback about the information shared and the notable people in attendance. We had participants from state and national insurance companies, small and large Florida businesses, independent

Florida consumers and even a few State legislators! This year, we are expecting an even bigger crowd, so **register early** and save your seat(s) for this incredible event!

Conference registration fee is $195.00 per person. This conference is conducted as a component of the primary educational mission of The FAIR Foundation, a 501(c)3 non-profit organization. Registration fees support our ongoing efforts to provide proactive education, promote solutions for insuring uninsured risk and to advocate for resiliency through mitigation.
